

Jong-eun Baek

백종은

Summary

My main interest lies at NLP.
My favorite application is Question Answering System, Information Retrieval.
I am an undergraduate student at Computer Science and Engineering Department in Pohang University of Science & Technology.

Research Experience

Sep.2023 - Feb.2024, Jun.2024 - present

LDI Lab, Seoul National University

Undergraduate Student Research Intern

TableQA on TimelineQA, Text2SQL on BIRD

Dec.2021 - Feb.2022

ISOFT, POSTECH

Undergraduate Student Research Intern

Made an interface and Trained BERT with CoQA

Aug.2020 - Dec.2020

Database Lab, POSTECH

Undergraduate Freshman Research Intern

Learned and Implemented Seq2Seq

Work Experience

Jun.2022 - Sep.2022

Question Answering, NAVER CLOVA

Advisor: Hwiyeol Jo

Internship. Worked on Document Retrieval with Reranker

Awards and Scholarship

Global Leadership Program (Department Scholarship) 2022

Undergraduate Group Research Program - 3rd Place 2021

- 3D-CNN을 이용한 비대면 수업에서의 학생 수업 집중도 분석

POSTECH Programming Contest - 2nd Place 2021

Capstone Design Contest ESK - 2nd Place 2021

- 교수자-학습자 비대면 의사소통 증진을 위한 온라인 수업 플랫폼 UI/UX의
감성공학적 개선

Hanseong Sonjaehan Fellowship 2018

Education

2020 - present

Computer Science and Engineering

Pohang University of Science & Technology

Apr.2023 - Sep.2023 (23SS)

Exchange student at Informatik

RWTH Aachen University

2017 - 2020

Hanil Highschool

Skills

- C, C++, Python, OCAML
- MS Office
- English : TOEIC 925, TEPS 486
